APP	Exclusive editable OSD(position and wording)									
	Exclusive image alignment feature increasing timelap									
	Exclusive multi-schedule feature									
Dimension	101 x 78 x 60 mm									
Weight	150g (battery excluded)									
Accessories	32GB mSD card / Strap / USB cable / battery / battery									
Optional accessories	Stainless steel sunshield / C-clip / mount bracket / cor									

% The product design and dimensions may change without previous notice for improvement of performance. % AA size lithium battery or any battery voltage higher than 1.7 volts are not recommended.

What is Afidus Battery Technology?

Low Power Design

Uses high efficiency components to prevent unnecessary energy waste

+ A

Afidus-230 supports external power bank via micro USB port. User can connect to power bank to extend time lapse cam recording days. * Battery life may still vary depending on recording conditions and battery quality.

Your battery recorder
