What is Afidus Battery Technology?

Stand-by mode
Provides essential functions and saves energy smartly

Low Power Design
Uses high efficiency components to prevent unnecessary energy waste

Optimized Power Design
introduces AI smart power management to optimize energy supply system

Interval **3min** 85Day
Interval **300s** 120Day
Interval **600s** 112Day

Afidus-230 supports external power bank via micro USB port.
User can connect to power bank to extend time lapse cam recording days.

※ Battery life may still vary depending on recording conditions and battery quality.
